

QGIS Application - Feature request #12741

Layer output to file should be loaded inside the TOC with the same name of the file

2015-05-12 08:45 AM - Giovanni Allegri

Status:	Open	Resolution: Copied to github as #: 20840
Priority:	Normal	
Assignee:	Victor Olaya	
Category:	Processing/Core	
Pull Request or Patch supplied:	Not supplied	
Easy fix?:	No	
Description		
When a user saves the ouput of an algorithm to a file, it should be loaded to QGIS with the same name of the output file instead of the output parameter name.

you can change this behavior in

processing > options > general > use filename as layer name

#2 - 2015-05-12 02:36 PM - Giovanni Allegri

Thanks Giovanni, I missed that option. Anyway, I think it should be default behaviour when a file is chosen as output, don't you think?

- Duplicated by Feature request #20849: Give proper layer names for ProcessingAlgorithms output layers added

#10 - 2019-01-22 03:38 PM - Chris Peterson

"Use filename as layer name" is not the default for QGIS 3.4.3, and there are no "processing > options" to select the "Use filename as layer name" behavior.
