

QGIS Application - Feature request #12814

Creation date / last modified of layer in general layer info panel?

2015-05-22 05:36 PM - James Harvey

Status:	Open	Resolution: Copied to github as #: 20910
Priority:	Low	
Assignee:		
Category:	Unknown	
Pull Request or Patch supplied:	Yes	
Easy fix?:	No	
Description		
<p>I can't find a creation date / last modified on a layer information panel - am I missing something?.</p> <p>I thought it would be handy to see this layer file info in general layer info?</p> <p>Sometimes I have multiple layers that have similar names and when I want to do a clean out it would be handy to look at this type of info.</p> <p>It would also be good to have a button link to the parent folder of the file source.</p>
