### Description

The current behavior of the layer properties dialog is not optimal: it can be resized to a width which is a few pixels narrower than what it would have to be. This causes that a horizontal scrollbar is displayed:

Please increase the minimum width of the dialog to avoid the scrollbar.

### History

Actually, there seems to be no real reason why the dialog has to be that wide. Would be good to figure out why the scrollbar is triggered.

**#2 - 2017-05-01 01:07 AM - Giovanni Manghi**

- *Easy fix? set to No*
- *Regression? set to No*

**#3 - 2017-07-23 03:03 PM - Anita Graser**

- *Resolution set to fixed/implemented*
- *Status changed from Open to Closed*
- *Description updated*

This seems to be fixed in master.
