[db manager] Fix #12844 - python error opening SQL Window

History

#1 - 2015-06-01 05:08 AM - Jürgen Fischer

- Status changed from Open to Feedback

Not reproducible with 1:2.9.0+git20150601+15ba006

#2 - 2015-06-01 05:29 AM - Saber Razmjooei

Still appears in commit:f1817d0.

#3 - 2015-06-01 06:09 AM - Nathan Woodrow

Do you have a clean build? I don't see that here

yes, clean installations on both linux and windows. Still see the issue on the latest master installed with osgeo4w/nightly-build repo.

yes, on a clean build from source.

Odd. Works for me with qgis-dev from OSGeo4W (2.9.0-88, 64bit or 2.9.0-85, 32bit, both commit:e295c1f) and from a nightly build (ie 1:2.9.0+git20150601+15ba006 on unstable) and from a fresh build ran from the build directory.

Fixed in changeset commit:"6524080f143ef86e9b4da0b99ce122e528936e39".
