

QGIS Application - Feature request #12941

Saving Processing log

2015-06-11 07:47 AM - Paolo Cavallini

Status:	Closed	Resolution: fixed/implemented Copied to github as #: 21021
Priority:	Normal	
Assignee:		
Category:	Processing/Core	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
It is rather common for an user to want to save all the output for future reference and inspection. Selecting all, copying and pasting to a file is quite impractical. Perhaps better to add an option to flush all the output to a file, or finding another practical way.		

History

- #1 - 2015-06-12 03:56 AM - Giovanni Manghi
- Pull Request or Patch supplied set to No
  - Category set to Processing/Core
  - Target version set to Future Release - Nice to have
- #2 - 2016-01-13 05:12 AM - Alexander Bruy
- Status changed from Open to Feedback

Which log you mean: produced by algorithm (Log tab in the algorithm dialog) or general Processing log?

- #3 - 2016-01-13 06:49 AM - Paolo Cavallini
- Status changed from Feedback to Open

I meant the general one, but in fact there is a lot of duplication between the two, so we could think of both.

- #4 - 2017-05-01 12:47 AM - Giovanni Manghi
- Easy fix? set to No

- #5 - 2018-03-06 06:47 PM - Paolo Cavallini
- Resolution set to fixed/implemented
  - Status changed from Open to Closed

Implemented in QGIS 3.
