QGIS Application - Feature request #13127
position of coordinates in grid

2015-07-17 06:20 AM - Veronika Madlenakova

Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	21192

Description

Possibilities of setting grid in map composer are very good. I like settings of coordinates (outside/inside frame, horizontal/vertical ...) but what is missing is to set position of coordinates above/bellow line.

Can you share some pictures of what you're describing here?

#2 - 2015-07-20 03:08 AM - Veronika Madlenakova

- File testv2.png added

For example: In some reason I need draw coordinates inside frame, but than coordinates are drawing across line. So it will be better to know set draw coordinates above/bellow line and to know set their offset.
