

QGIS Application - Bug report #1316

New column and add column buttons are always locked

2008-09-16 11:09 AM - Maxim Dubinin

Status: Closed	
Priority: Low	
Assignee: nobody -	
Category: Vectors	
Affected QGIS version:	Regression?: No
Operating System: Windows	Easy fix?: No
Pull Request or Patch supplied:	Resolution: invalid
Crashes QGIS or corrupts data:	Copied to github as #: 11376
Description	
New column and add column buttons are always locked when editing shapefiles, no matter if editing is toggled on or start editing in the table is on.	

History

#1 - 2008-09-16 12:10 PM - Jürgen Fischer

- Resolution set to invalid
- Status changed from Open to Closed

right. OGR doesn't allow adding or deleting attributes from existing shapefiles and therefore the OGR provider doesn't allow that either. The postgres provider does support that.
