2015-08-12 01:37 AM - Lukasz Sychowicz

Status: Closed Priority: Normal

Assignee: Category:

Affected QGIS version:2.10.1Regression?:NoOperating System:Easy fix?:No

Pull Request or Patch shapplied: Resolution:

Crashes QGIS or corrupts data: Copied to github as #: 21271

Description

probably because removed option "rotation field" from style/advanced in layer options

in 2.8 Wien - this option work fine.
