QGIS Application - Bug report #13270
processing toolbox - clip tool in batch mode

2015-08-26 11:30 AM - Dave Sharpington

Status:	Closed		
Priority:	Normal		
Assignee:			
Category:			
Affected QGIS version:	2.10.1	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	worksforme
Crashes QGIS or corrupts data:		**Copied to github as #:**	21330

Description

It was suggested I submit this as a bug -

http://stackoverflow.com/questions/32168111/batch-processing-clip-layer-nonetype-object-has-no-attribute-pendingfields

Using Clip in the Processing Toolbox, then 'execute as batch process' results in the message:

Algorithm Clip starting... 'NoneType' object has no attribute 'pendingFields'

History

#1 - 2016-01-18 12:57 AM - Alexander Bruy

- Resolution set to worksforme

- Status changed from Open to Closed

Works fine in master. Reopen if necessary
