

QGIS Application - Bug report #13306

Composer Map lock drawback

2015-09-01 03:09 AM - Per Gammerath

<b>Status:</b>	Closed	
<b>Priority:</b>	High	
<b>Assignee:</b>		
<b>Category:</b>	Map Composer/Printing	
<b>Affected QGIS version:</b>	2.10.1	<b>Regression?:</b> No
<b>Operating System:</b>		<b>Easy fix?:</b> No
<b>Pull Request or Patch supplied:</b>	No	<b>Resolution:</b> wontfix
<b>Crashes QGIS or corrupts data:</b>	No	<b>Copied to github as #:</b> 21364
<b>Description</b>		
Locking a Map in a composer layout prevents you from panning and zooming. Why is this feature removed?		

History

#1 - 2015-10-11 10:01 AM - Anita Graser

- Resolution set to wontfix
- Status changed from Open to Closed

Locking the map prevents any changes to the map item. This is by design.  
You can still edit the map properties in the item properties panel.
