

QGIS Application - Bug report #1341

WMS GetMap Handling not conform to standard

2008-10-09 03:32 AM - arminr -

Status: Closed	
Priority: Low	
Assignee: nobody -	
Category: Web Services clients/WMS	
Affected QGIS version:	Regression?: No
Operating System: Debian	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed
Crashes QGIS or corrupts data:	Copied to github as #: 11401
Description	
QGIS uses the online resource for the [[GetCapabilities]] operation to do the [[GetMap]] Requests. There are different [[OnlineResources]] for the different requests.	

History

#1 - 2008-10-09 03:36 AM - Jürgen Fischer

isn't this a duplicate of #670, which was just fixed in ?

#2 - 2008-10-09 06:27 AM - arminr -

- Resolution set to fixed

- Status changed from Open to Closed

Sorry - I don't see that. the ticket was really old, but it was solved only 2 days ago. I think different urls for the different request types would become more and more usually.
