Hi Johannes,

I am working on a fix right now, but would like a bit more information. Do you get the notification dialog when QGIS starts up, noting that the "Authentication System is DISABLED"?

#4 - 2015-10-06 12:36 PM - Saber Razmjooei

Have you tried:

pacman -S qca-openssl

It seems to be related to #13454

Fixed in changeset commit:"6a7332f4777099c84a8f24c6f052568d77bbdd79".
