Description

Hi Hello,

Issues:1
The rule is not available in QGIS Topology Checker. Auto correction of dangles is not available.I am looking for like ARCGIS topology processing please looking to this issues.

Issues:2

When we are digitizing the line "Undo and Redo it is like ArcGIS", Please looking to this is issues.

Regards
Rajesh.M

History

- Pull Request or Patch supplied set to No

- Status changed from Open to Feedback

Please don't file multiple issues in on ticket. But it seems to me this is more a support request, that should go to the user mailing list.

issue !#1: please checkout the new geometry checker plugin in master - it might have what you're looking for. Another option might be GRASS' v.clean via processing

issue !#2: What do you mean with "Undo and Redo it is like ArcGIS"?

#2 - 2016-06-14 10:22 PM - Jürgen Fischer

- Status changed from Feedback to Closed

closing for the lack of feedback
