Affected QGIS version:	master	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:	No	**Resolution:**	duplicate	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	21599	

Description

Making first letter in each word capital for any label only works if the text is in lower case.

Tested with point layer and three points (attribute: "Name")

To create Capitalized first letters you must use *title(Name)* in "Label with".

Attached image shows result from four settings for "Type Case" and a fix.
- Normal
- All lowercase
- All uppercase
- Capitalize first letter
- Fix with "expression" *title(Name)*

History
