

QGIS Application - Feature request #13600

Merge connected lines option for Marker line interval

2015-10-14 06:20 AM - Matt Sim

Status:	Open	Resolution: Copied to github as #: 21642
Priority:	Normal	
Assignee:		
Category:	Symbology	
Pull Request or Patch supplied:	Yes	
Easy fix?:	No	
Description		
Similar to the label rendering option "Merge connected lines to avoid duplicate labels". It would be great if the Marker lines could be merged, allowing the marker placement interval to be consistent across connected features.
