

QGIS Application - Feature request #13629

Composer Legend: Add a "Reset selected items" button to legend items

2015-10-18 10:03 AM - Harrissou Santanna

Status:	Open	Resolution: Copied to github as #: 21666
Priority:	Normal	
Assignee:		
Category:	GUI	
Pull Request or Patch supplied:	Yes	
Easy fix?:	No	
Description		
Following this discussion It would be nice to have the ability to "reset to defaults" the labels of many items in the composer legend (at once) instead of having to right-click on each item and select the "reset to default" option.
