

QGIS Application - Feature request #13716

Image export options : have a checkbox "Do not show anymore"

2015-10-30 05:46 AM - Harrissou Santanna

Status:	Open	Resolution:  Copied to github as #: 21743
Priority:	Normal	
Assignee:		
Category:	Map Composer/Printing	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>While exporting a composition to image, there's a dialog asking about cropping to content or redefining the resolution.</p> <p>It will be nice to add a checkbox "Do not show anymore" for those that don't need such option or have already done the job in "Composition" tab.</p>
