### Description

Hi,
copying / pasting from attribute table to the same attribute table, data from postgres, causes systematic crash in 2.12.

Table **is non geometric.**

### History

**#1 - 2015-12-08 07:36 AM - Regis Haubourg**

Worse than this, it is not possible at all to copy lines from attribute table, from menu. It is greyed out there, when copy paste buttons from attribute table are enabled

I cannot reproduce with current master (670ded3)
Maybe it was a threading issue fixed recently. Could you please re-try ?

Confirmed! Thanks Sandro, it seems solved.
Cheers
Régis
