

# QGIS Application - Feature request #13889

## Open modules instead of table

2015-11-27 01:32 AM - Paolo Cavallini

<b>Status:</b> Closed	
<b>Priority:</b> Normal	
<b>Assignee:</b>	
<b>Category:</b> Forms	
<b>Pull Request or Patch Supplied:</b>	<b>Resolution:</b> fixed/implemented
<b>Easy fix?:</b> No	<b>Copied to github as #:</b> 21911
<b>Description</b>	
<p>If an user opens the table, then selects the Form view, this choice gets forgotten, and must be clicked again every time he opens the table.</p> <p>Better remember it, or use the setting from "Automatically open a form" (if chosen, the table opens directly in Form mode).</p>	

### History
