<b>Pull Request or Patch supplied:</b>	<b>Resolution:</b>
<b>Easy fix?:</b> No	<b>Copied to github as #:</b> 21926
<b>Description</b>	
A possibility to check the following topology issues in case of line layers would be fine:	
<ul style="list-style-type: none"><li>- lines must not cross (but a line can start/end on a different line)</li><li>- lines must not overlap (two or more crossings of two lines)</li><li>- a line must not intersect itself</li><li>- a line must not overlap itself</li></ul>
