

QGIS Application - Feature request #13916

Browser Panel : show URI information on multiple lines

2015-11-30 07:06 AM - Harrissou Santanna

Status:	Open	Resolution: Copied to github as #: 21938
Priority:	Normal	
Assignee:		
Category:	Browser	
Pull Request or Patch supplied:	Yes	
Easy fix?:	No	
Description		
Active Browser pane and enable widget properties		
Select a file in a folder with long path.		
URI name, if too long does not entirely appear. It'd be nice to have it wrapped as it's done for layer's name.
