QGIS Application - Bug report #14013
DB Manager: commit on versioned layers fails

2015-12-18 10:25 PM - Paolo Cavallini

Status:	Open		
Priority:	Normal		
Assignee:			
Category:	DB Manager		
Affected QGIS version:	3.0.0	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:	No	**Resolution:**	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	22026

Description

Currently the commit to the DB fails for versioned layers, because the original ID (which is not NULLable) is not filled (it must be done by hand, which is not nice). Presumably a function to copy the ID from the original one (for updates), or adding a new one in case of inserts, should be added.

History

#1 - 2017-05-01 01:06 AM - Giovanni Manghi

- Easy fix? set to No

- Regression? set to No

#2 - 2018-02-24 04:48 PM - Paolo Cavallini
