QGIS Application - Feature request #14034
Circular string add option to add close circle

2015-12-24 03:41 PM - Antonio Locandro

Status:	Feedback		
Priority:	Normal		
Assignee:			
Category:	Unknown		
Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	22047

Description

Subject pretty clear, option to create a circle of given radius or define circle center and click to snap to another feature to finish circle, ideally would allow to have keyboard shortcuts like r to open radius dialog box, etc

Checked in latest version and it works ok, now only if this option was also available for the circle option it would be great. Don't know how to close issues here sorry
