

QGIS Application - Bug report #14049

Style Manager : Combining "Group Symbols" and "Apply Group" tools freezes the dialog

2015-12-31 05:53 PM - Harrissou Santanna

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:		
Affected QGIS version:	2.12.0	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:		Resolution:
Crashes QGIS or corrupts data:		Copied to github as #: 22060
Description		
<p>Open Settings menu --> Style Manager</p> <p>Create a group and rename it</p> <p>Select the group and then the "Group Symbols" tool in the drop-down list at the bottom right of the dialog. A checkbox appears near each symbol. To add them to the group, you just need to check those you want and select "Finish Grouping" in the drop-down list.</p> <p>If, while selecting the symbols, you inadvertently right-click and choose to "Apply Group", you end up with a somehow frozen dialog, given that many tools are greyed and whatever you do is not taken into account.</p> <p>Combining the two ways to add a symbol to a group seems broken. A (easier?) solution can be to ignore the right-click when "Group symbols" is being used.</p>

Revision a943d951 - 2016-01-03 09:13 PM - Sebastian Dietrich

keep group actions enabled while in grouping mode (fixes #14049)

Group actions must be enabled to have the option of leaving grouping mode again.

Revision 90eaba9f - 2016-01-05 03:26 AM - Nyal Dawson

Merge pull request #2629 from SebDieBln/FixStyleManagerGroupingMode

[StyleManager] Keep group actions enabled while in grouping mode (fixes #14049)

History

#1 - 2016-01-03 11:51 AM - Sebastian Dietrich

You end up in the same frozen state when clicking on another tab while in *grouping mode*.

#2 - 2016-01-03 12:19 PM - Sebastian Dietrich

See [PR 2629](#) for a solution.

#3 - 2016-01-04 04:52 AM - Harrissou Santanna

Thanks for working on this

#4 - 2016-01-04 06:26 PM - Nyal Dawson

- *Status changed from Open to Closed*

Fixed in changeset commit:"90eaba9f4f78097b18e48a4d99793fa6a2abbe23".
