

QGIS Application - Feature request #14099
toggle button for labeling in toolbar or else

2016-01-13 10:30 AM - johan sanders

Status:	Open	Resolution: Copied to github as #: 22105
Priority:	Normal	
Assignee:		
Category:	Labelling	
Pull Request or Patch supplied:	Yes	
Easy fix?:	No	
Description it would be very usefull to have a simple toggle button (1 click) in a toolbar in order to switch on/off labeling for the currently selected layer with the current setting (qgis2.12) one needs at least 4 clicks/actions in order to toggle a label onj/off		

History

- Easy fix? set to No

#2 - 2017-05-10 11:29 AM - Regis Haubourg

- Category changed from Actions to Labelling

- Description updated

In fact, with dynamic style panel, it's 3 clic per layer now ;)
