Pull Request or Patch supplied:	Resolution:
Easy fix?: No	Copied to github as #: 22252
Description	
Current Proportionnal size assistant produce only one legend type with one symbol per row. It would be nice to allow at least another output with overlapping symbols. See [[http://www.ipt.univ-paris8.fr/vgodard/enseigne/carto2/memocart/imemcart/fi2fm31c.jpg]] for reference
