QGIS Application - Feature request #14518 Attach comments to a component in model builder

2016-03-17 12:40 AM - Magnus Nilsson

Status:OpenPriority:NormalAssignee:Victor OlayaCategory:Processing/Modeller

Pull Request or Patch supplied: Resolution:

Easy fix?: No Copied to github as #: 22491

Description

Hi

I would like to see support for adding/attaching comments to any component. That would, for example, help explaining why a specific tool is used. It should be possible to move and resize it. Great for documentation purposes. I have attached a not so nice sketch of how I see it.
