QGIS Application - Bug report #14557
duplicate quote in output type

2016-03-23 11:16 AM - Alexia Mondot

Status:	Closed			
Priority:	Normal			
Assignee:	Alexia Mondot			
Category:	Processing/Core			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:	No	**Resolution:**		
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	22530	

Description

Some application like Color Mapping has a output type assigned.
This is done in the rebuild of the otb command line.
There is the following error:

    /bin/sh: 1: Syntax error: Unterminated quoted string

Here is the command line launched:

    "/usr/bin/otbcli_ColorMapping" "-in" "/media/img.TIF" "-ram" "128" "-op" "labeltocolor" "-method" "continuous"
    "-method.continuous.lut" "red" "-method.continuous.min" "0" "-method.continuous.max" "255" "-out"
    "/tmp/processing/cf16d95da28941f08377d0008c92e58a/out.tif" uint8"

The end quote is after the output file name, but there is an other after the output type.

Some providers are being removed from QGIS/Processing (will be available as plugin) and so are their categories in the bug tracker. To not leave them orphaned of a category they are being reassigned to processing/core.

#7 - 2017-05-01 11:06 AM - Giovanni Manghi

- Category changed from 120 to Processing/Core
