

QGIS Application - Feature request #14643

Add a "comment" field in DB Manager (postgis) import

2016-04-08 06:00 AM - didier peeters

Status:	Open	
Priority:	Normal	
Assignee:		
Category:	DB Manager	
Pull Request or Patch supplied:		Resolution:
Easy fix?:	No	Copied to github as #: 22607
Description		
<p>I wish there was a "Comment" field in the import interface of the DB Manager, at least for PostGIS (I don't know about the other DB connections).</p> <p>Currently existing comments on a table stored in PostGIS are displayed in the General Information in the Info tab, which is good and usefull, but there seems to be no possibility to add some (or update !) directly from QGis.</p>
