

QGIS Application - Feature request #14865

Improve new color ramp creation

2016-05-23 12:14 AM - Paolo Cavallini

Status:	Open	Resolution: Copied to github as #: 22818
Priority:	Normal	
Assignee:		
Category:	GUI	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>I think we could improve the UX for creating new colour ramps by:</p> <ul style="list-style-type: none">- setting the default to cpt-city instead of the gradient- renaming cpt-city (it is nice to pay tribute to the original creator of the set, but the name is not understandable for users)- possibly removing other options (I think they are all included in cpt-city, e.g. ColorBrewer).		

History

#1 - 2017-05-01 12:46 AM - Giovanni Manghi

- Easy fix? set to No

#2 - 2018-02-24 04:53 PM - Paolo Cavallini

- Description updated

Second item fixed, others still valid in QGIS 3
