		Resolution:	duplicate		
Crashes QGIS	or corru pits data:	Copied to github a	as #: 22887	22887	
Description					
It is now necessary. From Matthias Kuhn: python-future is a wrapper library that allows maintaining a single					
	e compatible with python2 and python able in 2.14 is important so during the				
-	B plugin authors have the possibility to				
	last LTR and work with 3.0 without be				
	erent codebases.
