

## QGIS Application - Feature request #14959

### Table names should be displayed in first words of caption

2016-06-05 07:55 AM - Patrick Dunford

<b>Status:</b> Closed	
<b>Priority:</b> Normal

<b>Pull Request or Patch supplied:</b>	<b>Resolution:</b>
<b>Easy fix?:</b> No	<b>Copied to github as #:</b> 22908
<b>Description</b>	
<p>When you open a data table the caption displayed is "Attribute Table - &lt;name&gt; :: Features ..."</p> <p>When you have lots of tables open the taskbar or panel buttons all display "Attribute table" and they all look the same.</p> <p>It should be possible for &lt;name&gt; to be the first word(s) of the caption so it can be worked out which button is for which table without having to remember.</p>
