

QGIS Application - Bug report #15104

DB Manager: load only sample of attribute table records

2016-06-22 12:48 AM - Giovanni Manghi

<b>Status:</b>	Closed		
<b>Priority:</b>	Normal		
<b>Assignee:</b>			
<b>Category:</b>	DB Manager		
<b>Affected QGIS version:</b>	master	<b>Regression?:</b>	No
<b>Operating System:</b>		<b>Easy fix?:</b>	No
<b>Pull Request or Patch supplied:</b>	No	<b>Resolution:</b>	end of life
<b>Crashes QGIS or corrupts data:</b>	No	<b>Copied to github as #:</b>	23046
<b>Description</b>			
<p>As for geometries the attribute table view in DB manager is only useful as a preview (the user cannot really do anything with the records and its content) so why loading thousand, tens of thousands, million of records? It potentially takes ages, just for a preview.</p> <p>better loading just a sample (a few hundreds?).</p>
