Description

Project background color do not changes when clicking "apply" in the "project properties menu". If the project is than saved, closed and re-opened the new background color shows correctly.

Qgis 1.0 installed from repositories on Ubuntu 8.10 32 bit.

Now I see that it works (qgis 1.2 under both windows and linux). It doesn't change immediately after applying, but is enough to pan a bit. For me is ok. Closing.
