| Crashes QGIS or corrupts data: | | Copied to github as #: 23171 |
| Description | | |
| <p>When sorting the attribute table by column, the sort column or expression is correctly stored and restored, but the sort order (ascending/descending) is not correctly stored/restored.</p> <p>When closing the attribute table and reopening it again, the sort order is always ascending.</p> | | |
