

QGIS Application - Feature request #15353

Directly open QGIS project from ZIP file

2016-07-27 09:59 AM - Christoph Candido

Status:	Open	Resolution: Copied to github as #: 23285
Priority:	Normal	
Assignee:		
Category:	Project Loading/Saving	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>Wouldn't it be nice to directly open a QGIS project file from a ZIP file?</p> <p>So that we could store our data (i.e. Spatialite, GeoPackage, etc.) together with the project.</p> <p>And yes, the project file should have relative paths to all the data files inside the ZIP and should be read-/writeable.</p> <p>GDAL/OGR already has /vsizip/.</p>
