Replying to [jared](#):

*trying to open a .shp file created by postgres crashes entire computer.*

I'm wondering if related to See also 1452#comment:4.

Please try if you can reproduce the crash with Options>Rendering>Make lines.../Fix problems... enabled or disabled.

jared, could you please post the shp that causes the crash? without it it is very difficult to reproduce the problem, and then fix it. Thanks.
