<b>Crashes QGIS or corrupts data:</b> No	<b>Copied to github as #:</b> 23354

### Description

The SLD specification allows specifying a visibility range using minScaleDenominator and maxScaleDenominator, however after setting them in the "general" tab, and verifying they are being applied in QGIS, an export is still missing them.

### History

#### #1 - 2017-05-01 01:03 AM - Giovanni Manghi

- Easy fix? set to No
- Regression? set to No

#### #2 - 2017-10-14 11:16 AM - Andrea Aime

- Resolution set to fixed/implemented
- Status changed from Open to Closed

Fixed one year ago
