**Description**

Hi All,  
I am loadin a qgs project to my own QGIS application in qt.  
it shows an error like unable to open one or more project layers.  
Plz any one help me out.

Bijay

- Resolution set to invalid
- Status changed from Open to Closed

I do not think this may be called a bug, but a difficulty in programming. Please post your question to the dev list.  
Thanks
