

## QGIS Application - Feature request #15652

### Add option for OGR data sources to be opened in read only mode

2016-10-03 01:26 AM - Andreas Neumann

<b>Status:</b>	Open	<b>Resolution:</b> <b>Copied to github as #:</b> 23575
<b>Priority:</b>	High	
<b>Assignee:</b>	Even Rouault	
<b>Category:</b>	Data Provider/OGR	
<b>Pull Request or Patch supplied:</b>	No	
<b>Easy fix?:</b>	No	
<b>Description</b>		
<p>Apparently some data formats (e.g. geopackage) load with better performance if they are opened in "read only" mode - esp. when loaded from a network share.</p> <p>The add vector layer dialogue should therefore offer a "read only" flag for opening of vector formats that don't need to be edited.</p> <p>See discussion at <a href="http://lists.opengeospatial.org/pipermail/geopackage/2016-October/000200.html">http://lists.opengeospatial.org/pipermail/geopackage/2016-October/000200.html</a></p>
