QGIS Application - Bug report #15717
Change project CSR from layer CSR doesn't change CSR everywhere

2016-10-17 05:53 AM - amedeo fadini

Status:	Closed		
Priority:	Low		
Assignee:	Nyall Dawson		
Category:	Unknown		
Affected QGIS version:	master_2	**Regression?:**	No
Operating System:	Debian	**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	
Crashes QGIS or corrupts data:		**Copied to github as #:**	23640

Description

I've noticed that when using context menu "Set project CRS from layer" the CRS code showed in the right bottom corner of program window change and so the coordinate display, but when I open some dialog with CRS list (example new layer or save as..) the entry "project CRS" is not updated and show the old one. Opening the project properties > CRS (that is already up-to date) and confirming with OK refresh also the other CRS lists.

QGIS 2.17 code revision f124107
Compiled against GDAL/OGR 1.10.1
