QGIS Application - Feature request #1579
switching back to the prior view/extend is only possible one step

2009-03-19 03:23 AM - Marco Lechner

Status:	Closed			
Priority:	Low

Pull Request or Patch supplied:			**Resolution:**	fixed
Easy fix?:	No		**Copied to github as #:**	11639

Description

IMHO it would be very useful to have the "back to prior zoom"-button switching back to more of the foremer views7extends than just switching between the recent and the former zoomlevel. Of course a second button would be necessary to switch forward in the "zoom-history".
