

QGIS Application - Bug report #15913

Bug when using Night Mapping inside Raster Style - Band Rendering

2016-11-30 03:02 AM - Pavel Diptan

Status: Closed	
Priority: Normal	
Assignee:	
Category: GUI	
Affected QGIS version: 2.18.0	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed/implemented
Crashes QGIS or corrupts data:	Copied to github as #: 23830
Description	
This bug is only present when using UI Theme: Night Mapping	
The colours don't show up on raster style bands in style editor. Look at screenshot for comparison between night mapping and normal.	
To reproduce:	
<ul style="list-style-type: none">- Select any raster and right click. Go to properties, Style tab and look at the colour in the assigned bands.- Even though the colour are applied correctly to each band, the colours wont display
