| <b>Crashes QGIS or corrupts data:</b>   | No             | <b>Copied to github as #:</b> 23840 |
| <b>Description</b>  |                |                                     |
| <p>With 2to3 fix_signal I've got the following code changes:</p> <ul style="list-style-type: none"><li>- QObject.connect(self.downloader, SIGNAL("replyFinished(QString, int, int)"), self.networkReplyFinished)</li><li>+ self.downloader.replyFinished.connect(self.networkReplyFinished)</li></ul> <p>But when I run plugin I get an error:</p> <pre>self.downloader.replyFinished.connect(self.networkReplyFinished) AttributeError: 'function' object has no attribute 'connect'</pre> <p>Maybe I have to add some modifications manually?</p> |                |                                     |

#### History

##### #1 - 2017-05-01 01:02 AM - Giovanni Manghi

- Easy fix? set to No
- Regression? set to No

##### #2 - 2019-03-09 04:28 PM - Giovanni Manghi

- Status changed from Open to Feedback

Please check if this issue is still valid on QGIS 3.4.5 or 3.6.
