

QGIS Application - Feature request #16015

Attribute table: Actions column is not available in form view

2016-12-26 05:00 AM - Harrissou Santanna

Status: Open	
Priority: Normal	
Assignee:	
Category: Attribute table	
Pull Request or Patch supplied:	Resolution:
Easy fix?: No	Copied to github as #: 23930
Description	
<p>Layer properties dialog --> Actions Enable some actions and check the "Show in attribute table" option Open the layer's attribute table. A column named "Actions" is available in the attribute table. If you switch to the form view of the attribute table, this column is no longer available.</p> <p>I suppose it's a missing feature as I can't find a particular reason to not have actions available in form view.</p>	

History

- *Easy fix? set to No*
- *Regression? set to No*

#2 - 2018-02-28 09:03 AM - Luca Lanteri

Confirmed on QGIS3.1.

I think it should be classified as "feature request" rather than "bug".
