

QGIS Application - Bug report #1611

r.colors.*: option update="yes" no longer working

2009-04-01 08:06 AM - Paolo Cavallini

Status:	Closed	
Priority:	Low	
Assignee:	Lorenzo Masini	
Category:	GRASS	
Affected QGIS version:		Regression?: No
Operating System:	Debian	Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed
Crashes QGIS or corrupts data:		Copied to github as #: 11671
Description		
<p>In current trunk, the above mentioned option in GRASS modules does not seem to be recognized; as a result, the loaded map does not appear in the menu, and the command is unusable. I removed the option in r104521 and r104523. Now commands work properly, but maps do not get refreshed. It is worth the while to have a deeper look into this and solve the problem where it originated, then putting back the option.</p>
