QGIS Application - Feature request #1623
add r.external module

2009-04-05 01:20 AM - Paolo Cavallini

Status:	Closed			
Priority:	Low			
Assignee:	Lorenzo Masini			
Category:	GRASS			
Pull Request or Patch supplied:			**Resolution:**	fixed
Easy fix?:	No		**Copied to github as #:**	11683

Description

Starting from GRASS 6.4, r.external is available. Adding this to the GRASS toolbox would be tremendously useful, as it allows to run GRASS analyses on any raster, without the need to convert it into native GRASS format. It should be present only when compiled against GRASS >= 6.4,
Looks a very easy fix.
