QGIS Application - Feature request #16260
Better colour scheme for node tool

2017-03-02 10:40 AM - Paolo Cavallini

Status:	Closed		
Priority:	Normal		
Assignee:			
Category:	Digitising		
Pull Request or Patch supplied:	No	**Resolution:**	duplicate
Easy fix?:	No	**Copied to github as #:**	24170

Description

People find the current colour scheme for node tool during digitizing (red for normal nodes, blue for selected, green for errors) quite counter intuitive. Probably a semaphore (green for normal, yellow for selected, red for errors) would be OK.

History

#1 - 2017-05-01 12:44 AM - Giovanni Manghi

- Easy fix? set to No

#2 - 2018-02-24 03:28 PM - Paolo Cavallini

- Resolution set to duplicate

- Status changed from Open to Closed
