QGIS Application - Bug report #16274
Reference point property of the composer item is not working properly

2017-03-03 03:23 AM - Andrey Maiorov

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Unknown			
Affected QGIS version:	2.18.4		**Regression?:**	No
Operating System:			**Easy fix?:**	No
Pull Request or Patch supplied:			**Resolution:**	fixed/implemented
Crashes QGIS or corrupts data:	No		**Copied to github as #:**	24184

Description

Reference point property of the composer item is not working properly. Create any item on composer and change the reference point property of the item (see attachment) to any value other than default.

Try to resize element. Property is switched to its default value (left and top)
