Pull Request or Patch supplied:		Resolution:
Easy fix?:	No	Copied to github as #: 24271
Description		
<p>In the model builder I can search for tools in the algorithm tab. As I type, the search lists matching tools. I would like to see the same functionality in the main model window. Typing should open a small window listing the matching tools. That way, I won't have to switch focus from the model when adding tools.</p>
